

From the Seward HWY take Tudor East to Lake Otis.

Make a left at the intersection of Lake Otis and Tudor.

Once you're on Lake Otis, make the first right onto 42nd street (Lake Otis Pharmacy is on the corner)

Go to the stop sign and make a left, you are now on Laurel street.

Proceed to 4048 on the left. It is a 3 story white building with a blue sign at the street reading **Alaska Digestive Center**.

We are on the second floor, suite 202.

If you pass the curve in the road and the Renal Center or Blood Bank you've gone too far.
